

Disciplined Agile Scrum Master (DASM): Virtual Facilitator Led Session

**Next Session:
22 – 23 September 2022**

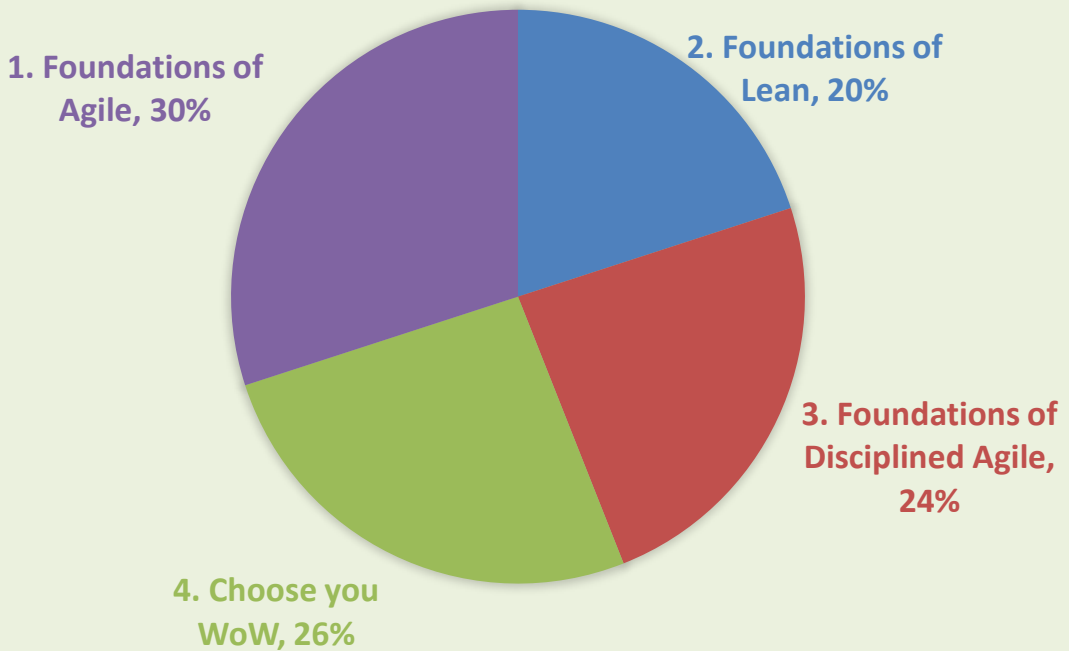

Disciplined Agile – The Key to implementing New Ways of Working

- *When situations change, the work is done should change as well. If the skills of being able to do things differently is limited, dealing with changing situations remains challenging.*
- *Adapting the Way of Working to suit the challenges faced to deal with situations and challenges effectively is crucial in remaining agile.*
- *Disciplined Agile provides a Disciplined Agile toolkit that comprises different new Ways of Working that can be easily adjusted as situations at work change. This ability makes the work team truly agile.*

Facilitator's Profile

Dr. Rumesh Kumar is a:

- Certified Professional Trainer;
- Certified Knowledge Manager;
- Certified Project Management Professional (PMP);
- Certified Disciplined Agile Senior Scrum master; and
- ScrumStudy Certified Trainer.

He is the Senior Regional Consultant for Denison Consulting and is affiliated with MDI Management Development GmbH. He specializes in the areas of project management and knowledge management.

He is a PMI Authorized Trainer, and has conducted PMP and Agile Project Management courses on behalf of PMI for the past decade.

He has taught Project Management as a course in the Heriot Watt University MBA programs, and has guided hundreds of participants in obtaining their PMP certification.

He also conducts non-certification based project management training courses such as project planning, basic project management, complex project management, stakeholder management and risk management for organizations such as Western Digital, the Employee's Provident Fund (EPF) and the Public Works Department (JKR).

Dr Rumesh is a Certified Scrum Trainer and regularly conducts Scrum & Agile Certification courses. He is also a Certified Scrum Coach, and coaches organizations on how to effectively utilize Scrum teams and processes. He possesses all three certifications provided by SCRUMStudy, Scrum Developer Certified, Scrum Master Certified and Scrum Product Owner Certified.

He has assisted many organizations in developing project management tools and customised methodologies. He also specializes in providing consulting services such as organizational diagnostic assessments, competency assessment, cultural and leadership profiling as well as continual productivity improvement
